Re: MUR 5664
Response to Complaint

Dear Ms. DeJarnett-Miller:

Please consider this letter, enclosed original Affidavits and enclosed documents as International Union of Painters and Allied Trades (IUPAT) District Council 53 and Clarence Mitchell's response to Gerald McMillian's Complaint dated May 19, 2005 in the above-referenced matter. First, IUPAT District Council 53 and Clarence E. Mitchell, Sr. deny that they violated the Federal Election Campaign Act. Specifically, they deny the allegations made by Gerald McMillian in his Complaint and have enclosed Affidavits from Clarence Mitchell, Jerry Huffman and Kenny Bird that clearly show that the allegations made by Mr. McMillian were false. It is especially troublesome that Mr. McMillian stated that District Council 53 and/or Clarence Mitchell required District Council 53 staff members to paint signs for West Virginia Supreme Court candidate Warren McGraw at the office of District Council 53 when Gerald McMillian himself volunteered the services of members of the District Council to paint the signs. Gerald McMillian made this pledge at a meeting of the West Virginia State Building Trades and then told members of District Council 53 staff that they should volunteer their time to paint the signs. Curiously Gerald McMillian omits this fact from his Complaint.

Gerald McMillian also asserts that Clarence Mitchell told him he would reject his weekly activity reports if they referenced political events and that District Council 53 staff were required by Clarence Mitchell to attend the political events. Enclosed is the only weekly report from Mr. McMillian that District Council 53 ever rejected. It clearly shows by the fax cover sheet from Clarence Mitchell that the report was rejected because it did not include a start time for work. Also, enclosed are numerous weekly reports that Gerald McMillian submitted that actually do reference political activities he attended. Contrary to Mr. McMillian's assertion, these weekly reports referencing political activities were not rejected. Further, Mr. McMillian, like all other staff members of District Council 53, was not required to participate in any political activities. In fact, Clarence Mitchell instructed Mr. McMillian that any political activities he desired to participate in had to be attended on his own time, i.e. outside of the normal forty (40) hours each staff member was required to work each week for District Council 53.

Further, the Federal Election Commission should be aware that since resigning from the District Council 53 effective May 5, 2005, Mr. McMillian has filed numerous NLRB charges, asserted that he can collect unemployment benefits because he was forced to resign because he would not agree to lie on union reports and has made numerous threats to District Council 53 staff. One of the NLRB charges stated that Clarence Mitchell forced Gerald McMillian and other District Council 53 staff members to falsify weekly reports by deleting any reference to political activities. Thus far, Mr. McMillian has withdrawn all filed NLRB charges and has been ruled ineligible for unemployment benefits.

District Council 53 and Clarence Mitchell assert that this letter of response, the enclosed affidavits and the enclosed weekly reports show that there are no grounds to Mr. McMillian's Complaint. Should the Commission require affidavits from every other staff member of District Council 53, please contact me and I will obtain the same.

If you have any questions regarding this matter, please do not hesitate to contact me.

Respectfully,
THE SEGAL LAW FIRM

MUR 5664

AFFIDAVIT OF CLARENCE E. MITCHELL, SR.

I, Clarence E. Mitchell, Sr. being first duly sworn under oath, depose and state to the best of my knowledge as follows:

1. I have served as Business Manager/Financial Secretary of IUPAT District Council 53 and have done so since the beginning of District Council 53 in 2001.

2. I have never required any staff member or members of District Council 53 to attend political rallies. All staff members were instructed that if they wanted to attend political activities they had to do so on their own time and if the political activities fell during regular business hours any hours missed had to be counted as "personal" and made up at other times.

3. I never instructed Gerald McMillian or any other District Council 53 member that I would reject their weekly reports if there were any references to political activities. In fact, the only staff member who had his weekly report rejected was Gerald McMillian. His report was rejected for not listing the starting time he came to work. There are other reports in which Gerald McMillian listed political activities and these reports were not rejected.

4. All staff members except Assistant Business Manager Richard Hackney are paid a salary based on forty (40) hours per week (40 hours multiplied by the journeymen rate). Richard Hackney is paid a salary based on fifty (50) hours per week with half of his salary being reimbursed by the Apprenticeship Fund because he also serves as Administrator of the Apprenticeship Program.

5. I did not give nor direct anybody to give District Council 53 staff member's a list of required political activities to attend. District Council 53 Political Director Dan Poling did provide information to staff members and District Council 53 members about political events and they received such information from a variety of other sources. However, attendance of political events was always voluntary and always to be done on personal time.

6. I instructed Gerald McMillian not to use his union vehicle and gas to attend political activities and to attend any political activities on his own time. If any staff member had to use his union vehicle to attend political activities he had to log any such use as "personal." This is the same policy for any personal use of a union vehicle.

29044222513

7. Nobody ordered apprentices or apprenticeship staff to attend political events.
8. Homer Williamson, the former apprenticeship coordinator who comes from Huntington, is a good friend of Gerald McMillian.
9. No member of District Council 53 was required to participate in precinct walks (to register voters) organized by the AFL-CIO. All participation in precinct walks was purely voluntary.
10. I did not require any District Council 53 staff or members to stuff envelopes for the John Kerry campaign. Some District Council 53 members did stuff envelopes for the John Kerry campaign on a voluntary basis.
11. Gerald McMillian attended a West Virginia State Building Trades Meeting and volunteered members of District Council 53 to paint Warren McGraw signs. Gerald organized the sign painting and asked for volunteers to help paint the signs. Various District Council 53 staff members volunteered their time to paint the Warren McGraw (West Virginia Supreme candidate) signs based on Gerald McMillian's request. Other staff members did not participate in painting the signs. The time spent painting signs was voluntary and did not count towards the work week required to be worked by District Council 53 staff members, i.e., any District Council 53 staff members participating in the sign painting had to work their normal work week in addition to the time they volunteered to paint the signs.
12. I have read Gerald McMillian's complaint, and I vehemently deny the allegations he made in his complaint.

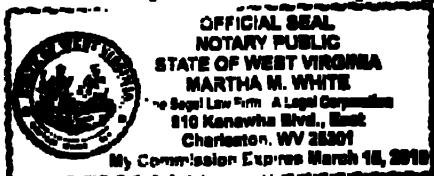

And further Affiant saith not.

CLARENCE E. MITCHELL, SR.

I, Martha M. White, a Notary Public for said county, do certify that Clarence E. Mitchell who signed the writing above bearing the date of the 20th day of July, 2005 has this day acknowledged the same before me in my said county.

Given under my hand this 20th day of July, 2005.

My commission expires March 15, 2010.

MUR 5664

AFFIDAVIT OF FRANKLIN JERRY HUFFMAN

I, Franklin Jerry Huffman, being first duly sworn under oath, depose and state to the best of my knowledge as follows:

1. I currently serve as Business Representative/Organizer for Local 970 of IUPAT District Council 53.

2. I answer directly to Assistant Business Manager Rick Hackney and Business Manager, Secretary-Treasurer Clarence Mitchell.

3. It was my understanding that if I wanted to attend any political rallies or participate in other political activities during the 2004 election campaign I had to do so on my own time. Also, any participation in political activities was purely voluntary.

4. Clarence Mitchell never told me that he would reject my weekly reports if I mentioned political activities on those reports.

5. I am paid a salary based on forty (40) hours per week times the journeyman rate. Clarence Mitchell told me that any political activities I wished to participate in had to be done outside of the normal forty (40) hours per week that I work for District Council 53.

6. I was not given a list of required political activities to attend but did receive information about upcoming political events from Dan Poling, District Council 53 Political Director, and other sources.

7. It was my understanding that if I attended political events I was supposed to use my own vehicle. I think it would also be permissible to use the union vehicle and log any miles as "personal" if necessary. This is the same policy for any personal use of a union vehicle.

8. Clarence Mitchell did not order any apprentices or apprenticeship staff to attend political events.

9. I was not required to participate in precinct walks (to register voters) organized by the AFL-CIO but I did participate in such walks during the evenings and weekends on a voluntary basis.

29044222515

10. I was not required to assist in John Kerry mass mailings but I did do so on a voluntary basis.

11. I was not required to paint Warren McGraw (candidate for West Virginia Supreme Court) signs at the District Council 53 office but I did voluntarily participate in painting the signs. Gerald McMillian actually volunteered the District Council 53 staff to participate in painting the Warren McGraw signs and it is my understanding that Gerald McMillian organized the whole activity. Various District Council 53 staff did not participate in painting the Warren McGraw signs and the ones that did participate did so voluntarily on their own time. Further, the day I participated in painting the Warren McGraw signs I was not working because I was taking a vacation day.

12. Gerald McMillian has told me on more than one occasion that if I did not tell the truth about being ordered by Clarence Mitchell to participate in political activities I would go to jail.

13. I have read Gerald McMillian's complaint filed in this matter and it is false.

And further Affiant saith not.

FRANKLIN JERRY HUFFMAN

I, Martha M. White, a Notary Public for said county, do certify that Franklin Jerry Huffman who signed the writing above bearing the date of the 20th day of July, 2005 has this day acknowledged the same before me in my said county.

Given under my hand this 20th day of July, 2005.

MUR 5664

AFFIDAVIT OF KENNETH D. BIRD

I, Kenneth D. Bird, being first duly sworn under oath, depose and state to the best of my knowledge as follows:

1. I serve IUPAT District Council 53 as a Service Representative/Organizer.
2. I answer to Business Manager, Secretary-Treasurer Clarence Mitchell and Assistant Business Manager Rick Hackney as far as my chain-of-command.
3. During the 2004 election campaign I attended political rallies on a voluntary basis on my own time and I was never required to attend any political rallies.
4. No staff member of District Council 53 was ever ordered to change their weekly reports because they referenced the attendance of political functions. Staff members could only attend political functions if they did so on their own time.
5. Gerald McMillian is the only staff member I am aware of who had his weekly report rejected. His weekly report was not rejected because he listed political activities but because he failed to list his work start time.
6. I work on a salary basis for District Council 53 based on a fifty (50) hour work week.
7. I never received a list of required political events to attend from District Council 53. However, I did receive information on political events from District Council Political Director Dan Poling, the West Virginia AFL-CIO and other sources.
8. It is my understanding that any member who wanted to attend political functions on their own time had to use their own vehicle or, if they used a District Council vehicle, had to log the use of the District Council vehicle as "personal."
9. Nobody at District Council 53 that I am aware of ordered apprentices or apprenticeship staff to attend political functions.
10. I was not required to participate in precinct walks but I did participate in those walks on a purely voluntary basis.
11. I was not required to assist in John Kerry mass mailings but I did help with the mailings on a few occasions on a voluntary basis.

2904422517

12. I was not ordered to paint Warren McGraw (West Virginia Supreme Court candidate) signs at the District Council 53 office. I was present when various volunteers from District Council 53 and other union volunteers painted the signs at the office. Gerald McMillian had volunteered District Council 53 members to help with painting the signs. Gerald McMillian volunteered the painting of the signs when he attended a West Virginia State Building Trades Meeting.

13. I have read Gerald McMillian's complaint, it is false and I do not trust Gerald McMillian. In fact, Gerald McMillian has threatened my life on more than one occasion.

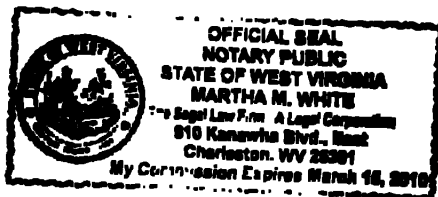

And further Affiant saith not.
